

Appendix: England's grammar schools, the data behind the piece

nuze.com, October 2026. Companion to "Two in a hundred". This is the data pack as built: sources and publication dates, method, every one of the 163 grammar schools in five league tables, the 35 local authorities, every grammar in London and the home counties, and the caveats. All figures are as published by the Department for Education, Ofsted and the bodies named; nothing is estimated. The underlying file grammars.csv (163 rows, 115 fields) is available on request.

Compiled 10 October 2026 from published DfE, Ofsted, council and Sutton Trust sources (listed below with publication dates). Nothing is estimated; blanks in the CSVs mean the source does not publish the figure, and the reason is given here or in sources_log.csv.

Files in this folder:

- grammars.csv: one row per grammar school (163), ~110 fields, with a sources column.
- areas.csv: one row per LA with grammar schools (35).
- sources_log.csv: every source tried, URL, publication date, local file, status (including what could not be obtained).
- census_2526_state_secondary_wide.csv: all 3,458 state-funded secondaries, 2025/26 census characteristics (the comparison pool).
- dest1618_schools_latest.csv: 16-18 destinations, 2022/23 leavers, all schools with a sixth form.
- gias_grammars.csv: the raw GIAS extract.
- tools/: the Node scripts (01-06) that reproduce everything from raw/.

What was and was not obtainable

Brief item	Status
1. List, LA, region, postcode, gender, faith, academy/maintained, capacity, NOR, Ofsted	Done. 163 schools in 35 LAs, all phase Secondary. Ofsted: see caveat below.
2. FSM, FSM6, first language, ethnicity for each grammar and the LA's non-selective secondaries; LA FSM rate	Done from the 2025/26 census (published 4 Jun 2026). LA FSM rate is the pupil-weighted rate across all state-funded secondaries in the LA (derived from school rows).
3. KS4: P8, A8, EBacc, 5+ English and maths; KS5 A level; destinations	Done. A8/EBacc/5+ are 2024/25 final. Progress 8 was not published for 2024/25 (the cohort had no KS2 baseline after the 2020 SATs cancellation), so 2023/24 P8 is used. A level 2024/25 per-entry APS and grade, best-3, AAB+, value added. Destinations: UK HE % (2022/23 leavers) and "top-third HEI" % (2021/22 leavers). DfE publishes no Russell Group or Oxbridge measure in any of these data sets.
4. Applications and offers; school-level oversubscription; appeals; 11-plus statistics	Done for applications/offers (Sept 2026 entry, LA and school level, including a national "selective LAs vs non-selective LAs" file). Appeals 2026: LA level only; DfE splits by governance, not by selectivity. 11-plus statistics: Kent (2024 scores report, totals only) and Essex CSSE (FOI page) obtained; Bexley page gives places and rules but no pass counts; Buckinghamshire, Sutton, Birmingham, Lincolnshire not reachable by direct URL.
5. Cross-border; distance cut-offs	DfE's 2025/26 census release contains no cross-border table. Used instead: the applications file's per-school "offers to applicants from another LA" and the LA file's "offers in another LA". Distance cut-offs: none of the admissions booklets were reachable except Bexley's (rules, not distances) and CSSE's score cut-offs.
6. Private prep feed	Sutton Trust 2013 and 2016 figures recorded. No 2024 Sutton Trust grammar report was found on the Trust's site search.
7. SSEF awards; capacity change	Round 1 (16 schools, 3 Dec 2018) recorded and flagged in grammars.csv. Round 2 award list not found on gov.uk's search API. Capacity change: GIAS holds only current capacity, so Year 7 places offered in 2017/18 vs 2026/27 (DfE applications file) is used as the proxy; GIAS capacity and NOR are also in grammars.csv.

Method

1. GIAS filter: AdmissionsPolicy = "Selective", EstablishmentStatus = Open, EstablishmentTypeGroup in {Academies, LA maintained, Free Schools}. All 163 are PhaseOfEducation = Secondary; 143 academies, 20 LA-maintained. Independent (284) and special (92) schools also carry "Selective" and were excluded.
2. Census: EES API query on the school-level data set (phase = State-funded secondary, attendance = Total, sex = Total) for the breakdowns Total, FSM eligible, FSM eligible - performance table metric (FSM ever 6), first language (3), ethnicity (19). The census's own admissions_policy flag marks exactly the same 163 URNs as Selective. Year 7 and key-stage headcounts come from the release's wide underlying file (spc_school_level_underlying_data_2026.csv).
3. KS4: "Total" rows per school. 2024/25 Final for A8, EBacc APS, EBacc entry, 5+ and 4+ in English and maths; 2023/24 Final for P8 and its confidence interval; 2024/25 disadvantaged cohort share and disadvantaged A8.
4. A level: 2024/25 school rows, disadvantage = Total, exam cohort = "A level".
5. Applications/offers: school-level file, Sept 2026 entry (Year 7). "First preferences per place" = times put as first preference / total places offered. Capacity proxy = places offered 2017/18 vs 2026/27.
6. Comparison group for each grammar: every other state-funded secondary in the same LA with admissions_policy != Selective (2,875 non-selective plus 420 flagged "Not applicable"/"Unknown", mostly UTCs, studio and all-through schools). FSM, FSM6, language and ethnicity comparators are pupil-weighted; A8/5+ comparators are KS4-cohort-weighted; P8 comparators are P8-cohort-weighted over schools with a published value.
7. Ofsted: from November 2025 Ofsted issues report cards (per-area grades Exceptional / Strong standard / Expected standard / Needs attention / Urgent improvement) with no overall grade. 21 grammars have had a report-card inspection; for the rest the last overall grade under the old framework is given. 32 grammars have no graded inspection recorded against their current URN (academy conversions since the last inspection and formerly exempt Outstanding schools): the MI file does carry the predecessor-URN grade in some cases but it was not used.

Caveats

- Progress 8 2024/25 does not exist (DfE did not publish it); 2023/24 is the latest.
- Appeals cannot be separated for selective schools; the LA figures cover all secondary admissions in the LA.
- The Kent, Bexley and CSSE figures are what those bodies publish; none publishes pass numbers by school, and Kent stopped publishing district or school-type breakdowns in 2019 citing ICO advice.
- The two CSSE PDFs with candidate numbers and the standardisation report are not machine-readable here (no text layer extractable); they are saved in raw/ for reading by eye. The guidance sheet's cut-off scores were extracted but the

column-to-school mapping needs visual confirmation (see Essex note).

- Ethnicity "Asian (all)" sums Indian, Pakistani, Bangladeshi, any other Asian and Chinese; "Black (all)" sums African, Caribbean and any other Black; "Mixed" sums the four mixed categories.

Notes by topic

Admissions pressure, national (S7, selective-grouped file, Sept 2026 entry)

- LAs with one or more selective schools: 202,885 secondary places, 182,569 applications, first-preference offers 81.4%, top-three 94.3%, no offer 0.14%.
- LAs with no selective schools: 447,415 places, 407,178 applications, first-preference 84.6%, top-three 95.2%, no offer 0.21%.
- Time series in the file runs 2020/21 to 2026/27 (selective-LA first-preference rate: 80.7, 77.8, 81.5, 80.9, 80.9, 81.4, 81.4).

Appeals, national secondary 2026 (S8)

- 743,055 admissions; 34,785 appeals lodged (4.7%); 27,084 heard; 5,268 decided in parents' favour (19.5% of those heard). The school-type file splits only by governance (community/VC, VA, foundation, academy); there is no selective split.

Kent Test 2024 (sat Sept 2024, for Sept 2025 entry) (S14)

- Threshold: total standardised score 332 or more with no single score below 106 (scores range 69-141 per paper, max total 423).
- Assessed suitable for grammar: 8,404 (Kent mainstream schools 4,374 = 2,093 girls, 2,281 boys; out-of-county / Kent independent / miscellaneous 4,030 = 1,826 girls, 2,204 boys). Assessed suitable for high school: 8,042 (Kent mainstream 5,937; OOC/independent/misc 2,105). Total tested 16,446. Pass rate: Kent mainstream 42.4%, OOC/independent/misc 65.7%. Kent does not separate independent-school candidates from out-of-county candidates.
- Results day for the 2025 test was 16 October 2025. KCC publishes score distributions since 2015; from 2019 it suppresses any cell of 5 or fewer and no longer gives district or school-type breakdowns.

Bexley Selection Test (S15)

- Four grammars (Beths, Bexley GS, Chislehurst and Sidcup, Townley); 800 places for Sept 2027; one test; the top 180 scorers are guaranteed a grammar place, the rest allocated mostly by home-to-school distance; unfilled places go to children one mark, then two marks, below the selective score. 2026 results emailed 2 Oct 2026. No pass counts or distances on the page.

Essex CSSE (S16)

- Rule: no CSSE school offers a selective place below a total standardised score of 303; places under special-consideration criteria and successful appeals sit outside the published cut-offs.
- Historical guidance sheet for 2026 entry (scores of the last selective place offered on 1 March 2025, inside and outside each school's priority area): schools covered are Colchester County High School for Girls, Colchester Royal Grammar School (no priority area), King Edward VI Grammar School, Southend High School for Boys, Southend High School for Girls, Westcliff High School for Boys, Westcliff High School for Girls, plus the partially selective Shoeburyness High School (catchment only, accepted minimum 303) and St Thomas More High School. The 15 cut-off values extracted in the PDF's draw order are 333, 322, 343, 372, 355, 305, 303, 309, 306, 304, 342, 321, 351, 345, 303; the sheet must be read by eye to attach each to a school/area (raw/csse_guidance_2026.pdf).
- The FOI page also publishes raw and standardised score distributions for 2019-2026 entry (xlsx), standardisation reports, and total candidate numbers 2010-2025 entry (PDF saved, not text-extractable here).

Private prep feed (S12, S13)

- Sutton Trust, Poor Grammar (8 Nov 2013): 2.7% of grammar entrants were entitled to free school meals; 12.7% came from outside the state sector, "largely believed to be fee-paying preparatory schools". On average each year Sept 2009-Sept 2011 about 22,000 pupils entered Year 7 at grammars, just over 600 of them FSM and almost 2,800 from outside the state sector; just over 6% of English 10-year-olds were in independent schools. In selective LAs 66% of non-FSM children with level 5 in English and maths at KS2 went to a grammar, against 40% of FSM children with the same results. Two-thirds of pupils at grammars in Stoke-on-Trent and Kingston upon Thames lived in another LA.
- Sutton Trust, Gaps in Grammar (9 Dec 2016): "high proportions of grammar school pupils come from the independent primary school sector, roughly double the rate you would expect"; a pupil at a private prep is ten times more likely to enter a grammar than a pupil on free school meals; disadvantaged Indian pupils four times, and disadvantaged Chinese pupils fifteen times, more likely to attend a grammar than disadvantaged White British pupils.
- No Sutton Trust 2024 grammar-school report was found via the Trust's site search (only the 2013 and 2016 reports and 2016-17 commentary); nothing more recent is recorded here.

Selective Schools Expansion Fund (S10, S11)

- Round 1 (announced 3 Dec 2018, £50m fund): Altrincham Grammar School for Boys; Bournemouth School; Bournemouth School for Girls; Chelmsford County High School; Colchester County High School; Colyton Grammar School; John Hampden Grammar School; Kendrick School; Lawrence Sheriff School; Queen Mary's Grammar School; Queen Mary's High School; Sir Thomas Rich's School; Sir William Borlase's Grammar School; St Michael's Catholic Grammar School; Rochester Grammar School; Wolverhampton Girls' High School. All 16 committed to Fair Access and Partnership Plans; "over half" committed to a lower pass mark for pupil-premium pupils. Flagged in grammars.csv (ssef_round1_2018).
- Round 2 launched 11 Feb 2019 (a further £50m, applications to 23 Apr 2019). The DfE note said 15 first-preference applications per 10 selective places nationally. The round 2 award list was not found through gov.uk's search API.
- Capacity proxy in grammars.csv: places_offered_2017 vs places_offered_2026 (and 2014).

Cross-border

- Grammar places offered for Sept 2026: 27,350, of which 7,841 (28.7%) went to applicants from another LA (school-level applications file). Per-school shares are in grammars.csv (offers_to_other_la_pct_2026); LA-level "offers in another LA" (home-LA perspective) is in areas.csv. The highest LA-level out-of-LA shares of grammar places are Barnet (77.9%), Enfield (70.8%), Kingston upon Thames (68.8%), Kirklees (67.6%), Sutton (60.1%), Torbay (59.5%), Walsall (59.0%), Slough (57.7%) and Reading (57.5%); Kent's is 6.2% (areas.csv).

Tables

National summary (2025/26 census, state-funded secondaries)

- Grammar schools: 163; pupils 193,747 (5.3% of all state secondary pupils); Year 7 in grammars 27,878 (4.5% of Year 7).
- FSM eligible: grammars 8.7% vs all other state secondaries 28.3%. FSM ever-6 (performance-tables measure): grammars 9.1% vs 29.2%.
- First language not English: grammars 19.4% vs 19.3%. White British: grammars 44.4% vs 60.2%. Asian (all groups incl. Chinese): grammars 30.9%; Black (all groups): grammars 6.8%.
- Gender: 54 boys', 60 girls', 49 mixed. Academies: 143; LA maintained: 20. Religious character (not 'None'/'Does not apply'): 15.
- Places offered at Year 7 in Sept 2026 (applications file): 27,350; first-preference applications 39,638 (1.45 per place); offers to applicants from another LA 7,841 (28.7% of places).
- Capacity proxy: Year 7 places offered 2017/18 -> 2026/27 for the 159 grammars present in both years: 24,354 -> 26,776 (9.9%).

League table 1: FSM gap vs non-selective state secondaries in the same LA (2025/26)

Sorted by ratio (grammar FSM% / non-selective FSM%), lowest first = widest gap. Pupil-weighted LA comparators.

#	School	LA	Grammar FSM %	LA non-selective FSM %	Gap (pp)	Ratio	FSM6 %
1	The Judd School	Kent	2.5	31.2	-28.7	0.08	2.8
2	Tonbridge Grammar School	Kent	2.6	31.2	-28.6	0.08	2.4
3	Alcester Grammar School	Warwickshire	2.2	24	-21.8	0.09	1.7

League table 3: Ofsted

From Nov 2025 Ofsted issues report cards (grades per area: Exceptional / Strong standard / Expected standard / Needs attention / Urgent improvement) and no overall grade. Most grammars have not yet had a report-card inspection; their last overall grade under the old framework is shown. Blank = no graded inspection recorded against the current URN (typically an academy conversion since the last inspection, or an exempt Outstanding school).

School	LA	Report card: achievement	Curriculum & teaching	Inclusion	Leadership	Report-card inspection	Legacy overall grade	Legacy inspection date
