

Appendix: DVLA vehicle keeper enquiries by private parking company, 2018/19 to 2025/26

Compiled by nuze.com on 1 October 2026 from the DVLA's published KADOE enquiry volumes (gov.uk, "Who DVLA shares data with", file kadoe-enquiries-q4-2025-26-v2.ods, updated 20 August 2026). Rows are the customer names exactly as the DVLA records them, restricted to the DVLA's "Car Parking Management" business category (fee-paying and non-fee rows combined). The DVLA's notes: "Data volumes will include details of the same vehicle being released more than once" and "represent the total number of enquiries made through the KADOE service and not the total number of releases of (keeper) information"; the fee "is currently set at £2.50" per enquiry. Some groups appear under more than one name (for example Smart Parking, NCP, UK Parking Control and CP Plus/GroupNexus). Contains public sector information licensed under the Open Government Licence v3.0.

1. Totals by financial year

Financial year	Parking enquiries	Q1	Q2	Q3	Q4	Companies	Top 5 share	Top 10 share	Implied fee income at £2.50
