

Appendix: food hygiene ratings by local authority, England, Wales and Northern Ireland (331 authorities)

Prepared by nuze.com on 29 September 2026 from the Food Standards Agency's Food Hygiene Rating Scheme open data (all 363 authorities downloaded via api.ratings.food.gov.uk on 29 September 2026) and, for trends, Internet Archive captures of the FSA's per-authority open data files for 2019, 2022 and 2024. "Rated" means a numeric rating 0 to 5; percentages of ratings use rated premises as the denominator; "awaiting" uses all premises. A rating is a snapshot of the inspection date. Scotland's separate pass-or-fail scheme is excluded. Contains public sector information licensed under the Open Government Licence v3.0.

Local authority	Country	Premises	Rated 0 to 5	Rated 5	Rated 0 to 2	Number rated 0 to 2	Awaiting inspection	Median rating age (years)	Ratings over 2 years old	New rating pending
Adur	England	462	423	90.8%	2.4%	10	3.0%	1.3	33.3%	0.2%
Amber Valley	England	1,084	962	79.3%	1.0%	10	8.7%	1.4	33.3%	0.6%
Anglesey	Wales	770	769	90.2%	1.2%	9	0.1%	1.0	17.3%	0.0%

Council figures reflect enforcement practice (staffing, targeting, willingness to score low, re-rating speed) as much as hygiene; the data cannot separate the two. Authorities with very high awaiting-inspection shares have large numbers of newly registered businesses not yet visited.
